

190 - Board of Indust Insurance Appeals

A002 Hearings

The Hearings Section schedules and conducts formal hearings on all contested issues raised in an appeal. Hearings are formal legal proceedings following the civil rules applicable in the Superior Courts of Washington. At the conclusion of the hearings and the closing of the record, a judge will issue a written proposed decision and order containing findings of fact and conclusions of law on all contested issues. If a party disagrees with the proposed decision issued by a hearing judge, the party can petition the three-member board to review the decision. In the review program, judges assist board members in determining the appropriate action to take on petitions. Judges review the petition and the entire record of proceeding, then make recommendations to the board. If the board votes to review a proposed decision, the review judge will draft the final decision and order for the board members' approval.

A003 Mediation

The Mediation Program focuses on assisting parties in understanding the appeal process and reaching an agreed resolution, if possible. Unrepresented appellants are given an opportunity to discuss the issues involved in their appeal in an informal setting with a judge and a representative from the other party. Judges are trained mediators who have extensive knowledge of workers' compensation and other areas of the law, as well as in the practices and procedures of the Board. These skills and specialized knowledge are used to assist the parties in exploring options for resolution of the appeal.
